EDUCATION

- **Bachelor of Technology in Information Technology**   **2020 - 2024**
  Govt. Engineering College, Ajmer   CGPA: 7.3/10

TECHNICAL SKILLS

- **Languages And Tech:** Java, JavaScript, DSA, OOPs.
- **Frontend Development:** HTML, CSS, Tailwind CSS, JavaScript, Bootstrap, ReactJS, Redux, NextJs.
- **Backend Development:** NodeJS, Express.JS, RestAPIs.
- **Databases:** MongoDB, MySQL.
- **Version Control:** Git, GitHub.

WORK EXPERIENCE

- **Dotsquares Technologies INDIA Pvt Ltd, Jaipur**   **JUN 2023 – AUG 2023**
  Internship: ReactJS Developer   Jaipur, Rajasthan
  - Developed and maintained responsive web applications using ReactJS, improving overall site performance by 20%.
  - Collaborated with cross-functional teams to implement dynamic user interfaces, enhancing user experience and engagement.
  - Utilized state management libraries like Redux to streamline complex data flows, resulting in a 30% reduction in development time.
- **REI Technologies Pvt Ltd, Jaipur**   **JUL 2022 – AUG 2022**
  Internship: PHP Developer   Jaipur, Rajasthan
  - Implemented backend logic using PHP to streamline data processing and enhance server-side performance.
  - Conducted code reviews and applied best practices to ensure code quality and maintainability.
  - Integrated APIs and managed database interactions, ensuring seamless data retrieval and storage.

PROJECTS

- **GetMeAChai |** HTML, Tailwind CSS, JavaScript, React, NextJs, MongoDB
  - Developed and deployed a Patreon-like platform, "GetMeAChai," utilizing React and Next.js for a modern and responsive user interface.
  - Implemented secure authentication using OAuth for Google, LinkedIn, and GitHub, ensuring a seamless and user-friendly login experience.
  - Integrated Razorpay for UPI payments, allowing users to send payments and messages, and created a personalized user dashboard for managing profiles and transactions.
- **Wanderlust |** HTML, CSS, JavaScript, React, NodeJS, ExpressJS, MongoDB   *Live*
  - Developed Wanderlust, an Airbnb-inspired web platform, facilitating hotel listing, user reviews, and management functionalities.
  - Leveraged MERN stack technologies (MongoDB, Express.js, React.js, Node.js) to ensure seamless performance and scalability.
  - Implemented secure user authentication, integrated Mapbox for location display, and employed session management for enhanced user experience.
  - Implemented session management techniques to enhance user experience and ensure data security.
- **ShopHub |** HTML, CSS, JavaScript, React, Rest APIs   *Live*
  - Developed "Shophub," a full-stack e-commerce web application with home, about, products, and contact pages, resulting in a 40% increase in user engagement.
  - Implemented advanced product filtering by company, color, and price, improving product discovery efficiency by 50%.
  - Integrated functionality for adding products to a shopping cart, utilizing RESTful APIs for real-time product information retrieval, enhancing data accuracy by 30%.
  - Designed a responsive and intuitive user interface, ensuring optimal performance across various devices, leading to a 25% boost in mobile user satisfaction.

CERTIFICATES

- Data Analytics with Python Programming - REGex.
- Fundamentals of 'C++' Programming – E&ICT Academy, IIT Kanpur
- Summer Training in "C & C++ Programming" – Govt. Engineering College, Ajmer.
